TWO INJURED

When Street Car Jumped the
Track Late Yesterday After-
noon in East Second Street

Mrs. Addie Hill and Mr. A. L. Merz
Badly Hurt But Will Recover

Yesterday afternoon about 5:45
o'clock a very serious accident happen-
ed to car No. 27, of the Maysville Street
Railway Co., in charge of motorman
Henry F. Otto. Just after the car had
crossed Union street going east, it is
supposed to have struck a stone on the
track, which caused it to jump the
track and turn square around, north and
south, and run across the pavement
on the north side of Second street.

Mr. A. L. Merz and Mrs. Addie Hill,
who were among the passengers, were
thrown from their seats to the ground
with considerable force. Dr. Woodson
H. Taulbee was almost immediately on
the scene and rendered first aid to Mr.
Merz and Mrs. Hill.

In a short time Mr. Merz, whose in-
jury is in his back, rallied sufficiently
to be placed on a car and was taken to
his home.

Mrs. Hill, whose injuries are a broken
right arm and a bruised body and face
was placed in Coughlin's ambulance
and taken to her home at "Squire Dres-
sel's." Mr. Sherman Arn and Mr. Jas.
H. Hall picked Mrs. Hill up. She was
lifeless for a while.

In a few hours Supt. Holliday had the
car back on the track. Traffic was not
delayed.

There were about five passengers on
the car besides Mr. Merz and Mrs. Hill,
among them being Mr. Sherman Arn,
Mr. Jas. H. Hall, Mr. Fred Arn, Jr., Mr.
William Martin and one other.

The accident was unavoidable and
the car was not speeding.

The last reports from Mr. Merz and
Mrs. Hill were that they were resting
well this morning.

PARLEYING

But A Great European War
Seems Irrevivable

Russia and Austria Are Negoti-
ating

London, England, July 31.—There are
only two factors tonight giving the
faintest hope of averting a general
European war.

First—Russia and Austria are engaged
again in direct negotiations.
Second—Both Great Britain and
France are using their utmost endeav-
ors in favor of peace.

On the other hand, Russia has or-
dered a general mobilization and Ger-
many has declared a state of siege,
which is undoubtedly a prelude to war
if it does not cover mobilization.

London, July 31.—A dispatch from
Berlin to Reuters Telegram Company
says that a state of war has been pro-
claimed in Germany.

Berlin, July 31.—A decree proclaim-
ing martial law and the prohibition of
publication of news of the movements of
German troops and war material was is-
sued today. The proclamation announced
military measures on the frontiers,
armed protection of the railroads and
the restriction of telegraphic, postal
and railroad services, except for mili-
tary purposes.

Russians Blow Up Bridge.

London, July 31.—A central news
dispatch from Berlin says the Russian
troops today blew up the frontier rail-
road bridges of the Warsaw-Vienna
railroad.

"State of War" is Explained.

London, July 31.—The "state of
war" proclaimed in Germany means, in
other words, martial law under which
the military authorities take charge of
the situation in conformity with Para-
graph 68 of the constitution of the Ger-
man empire. The kingdom of Bavaria,
however, is excluded from the opera-
tion of today's proclamation, and will
have to issue a similar decree if it de-
sires to do so, as it is an independent
kingdom. Today's proclamation was
signed by the German emperor as king
of Prussia.

German Export War Measure.

Berlin, July 31.—The German Federal
council today issued a decree prohib-
iting exports of grain, flour, foodstuffs,
meats, animal products, automobile
trucks, motorcycles, petroleum, coal tar
and coal oil. This goes into effect im-
mediately. The step taken by the Fed-
eral council, whose members represent
the rulers of the Federated States, com-
posing the German empire, was said to
have been necessitated by the heavy
exports of the past few days reported by
the chambers of commerce. It was
semi-officially announced that the mat-
ters dealt with by the Federal coun-
cil were of "secondary importance."

No Hope of Averting War

London, July 31.—Official announce-
ment of the resumption of the "con-
versations" at St. Petersburg and
Vienna came today at a moment when
pessimism had taken possession of all
Europe. The hope that it might lead to
a peaceable solution was grasped with
desperation, but the news was offset
later by the proclamation of martial
law in Germany, which was regarded as
a preliminary to the mobilization of
the German forces for war. Every-
body then seemed to settle down to
await the news that the great European
powers had decided to engage in a
struggle for supremacy. There was
nothing to give the public hope that a
general war might be averted.

The stock exchange in London and
the big provincial cities as well as
those on the continent were closed ow-
ing to the breakdown of the credit sys-
tem, which was made complete by the
postponement of the Paris settlement.
This, it was pointed out, would neces-
sitate some fifty members of the London stock
exchange.

French Deputy Assassinated.

Paris, France, July 31.—Jean Leon
Jaures, the noted Socialist deputy, was
assassinated tonight while dining in a
small restaurant near the Bourse. The
assassin was arrested, but refused to
disclose his identity. Later he was
identified as Raoul Villain, 29 years old,
and said to be the son of a clerk of the
civil court at Rheims.

AUTO MIX-UP

Yesterday afternoon about 3 o'clock
an auto truck going east swerved in the
wrong direction and struck an auto
coming west at Donovan's corner, dam-
aging the auto. In some manner Dr.
Claypole's buggy got in the mixup and
had one of the front wheels torn off.
Luckily no one was hurt.

Uncle Andy might join the Red Cross Society. He'd have a plenty to do.

The season for shooting the peaceful dove seems to be open in all countries.

Old Kentucky is never so happy as when the ballots are dropping in the boxes.

Republicans, Hon. Richard P. Ernst is a loyal party man and deserves your vote.

It's a "dog fight" between Beekham, Stanley and McCreary, and if the "best man wins" it's going to be John Crepps Wickliffe Beekham.

A West Union Republican suggests that the people are now engaged in "watchful waiting"—waiting for an opportunity to vote the Republican ticket.

The resignation of the Rev. Mr. Gwathney, of a Winchester Baptist church, has been accepted. Tension between the pastor and flock is said to have grown out of prohibition views.

SENTIMENTALITY INSANITY IN FRANCE.

Persons of ordinary intelligence who have followed the Caillaux trial will not be surprised at the verdict of acquittal returned. Every species of cheap, silly sentimentality and of bizarre theatricalism was paraded on the well-set stage in an effort to prevent the wife of the former Cabinet Minister from paying the penalty for slaying M. Calmette.

There are many things in the procedure of American courts worthy of condemnation, but no one can imagine such scenes as were described at this trial as occurring in an American temple of justice. Even the woman whose desire for revenge seems to have hastened the tragic denouement which ended the life of the newspaper man spoke little of justice and equality. The burden of her complaint was that this woman "who robbed me of my husband has been given all the sympathy."

The closing scenes of the trial must have been worth the price of admission. Imagine the wild cheering of a mob afflicted by hysteria, while contending factions bite and scratch like a pack of Kilkenny cats, simply because a woman with a past has been acquitted of a crime for which there may have been slight palliation, but no justification.

Then the contending lawyers in the case rush at each other, throw their arms around each others' necks and plant resounding kisses on each others' cheeks.

In the language of the street, "can you beat it?" Justice? Phew!—Commercial Tribune.

They're off—and some of 'em away off!

Don't be sad. We'll have two more elections this fall.

And the high cost of war don't seem to bother anybody.

Now would be a good time for Uncle Sam to keep an eye on Japan.

There is no discounting the fact that President Wilson deserves much praise for the manner in which he has thus far peacefully settled the Mexican question.

Ernst would make an ideal United States Senator. He is a highclass business man and a leader who would well fill the shoes of the late Senator Bradley. Vote for Dick Ernst.

INVESTIGATING THE BAD EGG.

The latest to come to town is the egg inspector. What next? The local merchants have been given orders to inspect the farmers eggs. It behooves the farmers to see to it that the eggs he takes to market are uniform in size, color, all big and not more than one day old. This is an age of inspection, also and age of Democratic rule, eggactly true, don't you know.—West Union (O.) Record.

WAR SHOOT CHICAGO

WHEAT PRICES SKYWARD

War ran up wheat transactions Tuesday on the Chicago Board of Trade to a total of nearly 100,000,000 bushels and shot prices skyward 8 1-4 to 9 1-4 cents. No other day of the Twentieth century has witnessed trading here that was equally wild.

Although failures were momentarily looked for, there was none announced.

How hazardous the situation was deemed was shown by the action of leading firms in demanding that all customers put margins of 20 cents a bushel on every trade.

Stories of fortunes made and lost today were numerous, but in most cases were not well verified. The most specific case of sudden riches was that of a heretofore obscure pit trader who actually pocketed \$25,000 which he had netted in an interval of exactly five minutes.

Hundreds of spectators thronged the galleries on 'change and looked down upon the traders who struggled and tumbled about in the pits. The uproar made by the brokers was plainly audible in the streets surrounding the board and notwithstanding that the day was delightfully cool, it was noticeable that few if any of the traders in the wheat pit were not dripping with perspiration.

RAILWAY BUILDING IN 1913.

According to a compilation by the Railway Age-Gazette the railway building during the calendar year 1913 amounted to 3,701 miles of new main line and 2,895 miles of auxiliary track, exclusive of sidings and yard track.

Montana led all the States with 375 miles of new road, and Texas was a close second with 356 miles. The State of Washington built 209 miles and no other States built as much as 200 miles.

The construction in a number of States was in excess of 100 miles. In California it was 164; in North Dakota, 152; in Arkansas, 139; in Oregon, 122; in Illinois, 113; in Tennessee, 111; in Florida, 104; in Michigan, 103; in North Carolina, 103.

Kentucky is credited with forty-eight miles; Ohio with twenty-eight; Indiana with six; Missouri with thirty; Virginia with twenty-three and West Virginia with forty-three. Kentucky, it will be noted, built more road than any of her neighboring States, with the exception of Illinois and Tennessee. All these States, however, Tennessee and West Virginia excepted, have a much larger railway mileage than Kentucky.

Kentucky is credited with having operated 3,682 miles of road in 1913, while Tennessee operated 3,678 and West Virginia 3,151.

Kentucky has only about nine miles of railroad for every 100 square miles of the State's area, and has one mile of railroad for every 639 inhabitants. There is obvious need of more rail roads, and they ought to come at faster rate than is shown by the construction record of 1913.—Courier-Journal.

EUROPEAN WAR

Will Have a Powerful Effect on the United States.

(Philadelphia Ledger.)

Cost of insurance may touch a point where a fire would be preferable. Europe's insurance for peace in the shape of back-breaking navies and armies has reached that stage where England for one might as well fight and get a respite from her German nightmare.

Each year sees Germany's navy more nearly approaching England's in power. Each year, also, France sees Germany getting farther and farther ahead of her in wealth, size and military strength.

If England is to remain safe in the possession of her earth-girdling empire the supremacy of her warships could better be maintained today than five years hence.

If France's dream of recovering Alsace-Lorraine is ever to come true, the realization must come quickly or never.

If Russia and not Austria is to be the mightiest power in the Southeastern Slav States, she might as well hit now.

Thus England, France and Russia each has a motive for quick action. Delay means more power to the other fellows.

These five nations are like so many athletes trained for action, but France and England resemble athletes past their prime and growing stale. Every old prize fighter thinks he has one good fight left in him, but delay makes such a fight more and more hopeless.

It is 99 years this summer since Russia, Austria, France, England and what is now Germany were at war. Then France stood alone against the other four, which also had the assistance of Belgium, Holland, Sweden, Switzerland and Spain.

It was then all of Europe against one man—Napoleon—with Waterloo and St. Helena as the sequels. Since Napoleon there has been no general European war. The effect of one upon the United States would be powerful.

The first result would be very bad, because Europe would sell many millions of American securities in order to get gold or credit here. Such a selling would make a big dent in our stock market.

But the other effect would be advantageous for the United States. We are the greatest purveyors of raw materials in the world. Our grain and cotton, our oil and steel, our machinery and textiles, our meats and provisions would have an enormous boost.

Sales of American commodities to the warring folks of Europe would increase immensely and prices would also increase. That would compensate us for the stock market slump, which would be but temporary.

A great war has also the effect of wiping off the slate many minor problems. Slashing pictures in London would no longer be a favorite diversion, and strikes in Russia would disappear like a mist before a hurricane.

TRAINING THE IMAGINATION.

To illustrate the power of imagination a City Hall officer tells the story of the artist who had lost his reason and had been sent to the asylum. While he had his wild moments, he was entirely rational much of the time and furnished visitors who stopped to talk to him some conversation that caused them to take notice. His fame soon spread and everyone who came to the institution requested an interview with the former artist.

On one such occasion the inmate was talking, and apparently rationally enough with a visitor who said that he also was an artist. Hearing this statement the resident of the institution said to his visitor:

"That reminds me, I have just finished my masterpiece."

"Is that so?" asked the visitor. "I should like to see it."

"You shall," the artist replied, and he disappeared, returning in a few moments with a plain strip of canvas.

"Turn it around so I can see it," requested the visitor when the canvass was held before him.

"Oh, you're looking at the front of it now—can't you see the picture?"

"Yes," lied the visitor. "What is the title?"

"The title of that picture," was the reply, "is 'The Crossing of the Red Sea.'"

"But where is the Red Sea?"

"Rolled back to let the children of Israel cross."

"Where are they?"

"Just crossed."

"Where are the pursuing Egyptians?"

"Haven't come up yet."

President Wilson intends to appoint a successor to the late Justice Lurton, of the Supreme Court, before the present session of Congress adjourns.

James and Andrew Williams, farmers in Oklahoma, were arrested by United States officers on a charge of having negro boys shipped to them whom they held in peonage.

The "wet" and "dry" forces filed petitions for a local option election in Lexington September 28. The argument on the cases will be heard by Judge Bullock next Tuesday.

BUGS DESTROYING TOMATOES

Manchester, Ohio.—The tomato crop of this section is being destroyed by a new enemy, a worm, evidently a borer of some description very much resembling the tobacco worm. The pest attacks the green fruit, and entering the tomato, causes it to rot and become entirely useless.

PAROLE LAW WORKING WELL.

Henry M. Cox, State parole agent, whose duty is to keep track and control of the convicts released under the parole law, declared himself highly pleased with the workings of the parole system as construed by the decision of the Court of Appeals last winter. He states that of the 300 men released from prisons by this decision very few had been returned on account of misconduct, and that a large proportion of them were giving every indication of the working out their own salvation and becoming useful citizens.

FAMILY AVOIDS SERIOUS SICKNESS

By Being Constantly Supplied With Theford's Black-Draught.

McDuff, Va.—"I suffered for several years," says Mrs. J. B. Whitaker, of this place, "with sick headache, and stomach trouble."

Ten years ago a friend told me to try Theford's Black-Draught, which I did, and I found it to be the best family medicine for young and old.

I keep Black-Draught on hand all the time now, and when my children feel a little bad, they ask me for a dose, and it does them more good than any medicine they ever tried.

We never have a long spell of sickness in our family, since we commenced using Black-Draught."

Theford's Black-Draught is purely vegetable, and has been found to regulate weak stomachs, aid digestion, relieve indigestion, colic, wind, nausea, headache, sick stomach, and similar symptoms.

It has been in constant use for more than 70 years, and has benefited more than a million people.

"Tuxedo is always welcome. A pleasant smoke, a mental brace—the ideal tobacco."

You Smoke a "Better" Tobacco —Why Not, Smoke The Best?

THE tobacco you now smoke you consider "better tobacco than you ever smoked before." Naturally, you kept trying until you found a "better" one.

But it stands to reason that since there is a difference in tobaccos, you may be missing still greater pleasure in a still better smoke—in the BEST smoke, in fact.

Tuxedo is the best smoke because no better tobacco leaf grows, and no process of treating tobacco leaf equals the original "Tuxedo Process."

Tuxedo

The Perfect Tobacco for Pipe and Cigarette

We know that Tuxedo is made of the BEST tobacco—rich, mellow, perfectly aged Kentucky Burley. None better can be bought, because none better is grown.

It is treated by the famous original "Tuxedo Process" for removing the sting and bite of the natural vegetable oils.

Tuxedo was born in 1904. Its first imitator appeared two years later. Since then a host of imitations have sprung up.

No other tobacco can give the unique pleasure of Tuxedo because no other maker has yet been able to equal the Tuxedo quality.

their homes this morning: Rev. F. J. Kelly, Boyd Nicholson, and Mrs. Harry Carroll and children.

That mule joke was surely cruel—to the mule. The poor brute after having been forcibly ejected without ceremony from the preachers' tent, spent the night in braying out in the woods expressive of his deep sorrow at being so cruelly treated. The guilty parties have not as yet been detected, but as a certain person was seen to be taking the names of that "hiking" party this morning, suspicions have arisen that those youngsters thought it would be a little more healthy on top of Sugar Loaf mountain today than at the campgrounds.

As we write these notes we are occasionally glancing at an entrancing sight. The sun is nearly down, its beautiful rays making a beautiful sight as they shine through the stately trees. Out on the campus are three or four games of croquet and a tennis court in full tilt, each game being watched by large crowds of spectators. What pleasure these people are having! One, who has not had a similar experience cannot appreciate the pleasure of these occasions. In a little while the supper bell at the hotel will ring, and "good night" for games! But supper will soon be disposed of, and as the shades of evening come on the folks can be seen promenading until church time.

Mrs. J. H. Dodson came out this afternoon to stay over Sunday. She is a guest at the Bierbower cottage.

Mr. and Mrs. R. M. Wallingford were visitors in camp today.

Misses Maribel Simons and Almeida Huff are visitors at the Simons cottage.

Mrs. Minnie Wallingford of Maysville, joined the campers today.

Rev. L. E. Williams is the latest addition to the ever increasing force of ministers.

The young ladies of the camp, met at 9 a. m. today and formed an organization to be known as the Ruggles Campmeeting Club, with the following officers: Miss Virginia Mae Hurd, president; Miss Nellie Cooper, first vice president; Miss Lena Henderson, second vice president; and Miss Retta Herbert, secretary. As explained yesterday, this organization is for the promotion of the best interests of the campmeeting. The exact number of members was not obtainable but was large and the leaders are encouraged and the girls are enthusiastic.

Mr. John Crane who has been on the sick list for a few days is some improved this evening.

Rev. C. B. Plummer, a home boy was the morning preacher today. It hasn't been so many years since a little red headed boy he was playing in the camp meeting straw. Since entering the ministry he has made good, being the pastor of a growing church at Louisville, Ky.

He was greeted by a large congregation of relatives and friends in addition to the regular campers. His sermon was good, well received and made a favorable impression on all. His relatives and friends have every reason to be glad that he has entered the ministry.

Dr. Bunton gave his fifth address this afternoon in his great series on Christian doctrine. There is no diminishing of the interest in these meetings.

Dr. Lewis preached this evening from the text "I will arise and go to my father." There were nearly a thousand people present.

And the campmeeting goes on. Not many more days for its pleasures. But the best is to come. From now until the end will be the biggest crowds and the better acquainted we get the more will all enjoy the days as they come and go.

J. H. RICHARDSON.

LUKE McLUKE SAYS.

Almost every man knows the prettiest girl in the world. And she is always a different girl.

The lad who brags that he is getting paid for what he does and not for what he knows never gets more than \$10 per week.

There was a time when they wore corset covers on their shoulders. Nowadays they are wearing them around their waists.

We may be wrong, but we will always maintain that any woman who has to carry a gun to defend her honor has much to defend.

The way of the transgressor is hard. Just about the time an ultra see-more skirt comes along the doggone sun dodges behind a cloud.

Tell a man that he is level-headed and he will want to buy you a drink. Tell him that he is flat-headed and he will want to knock your block off.

One reason why a man won't touch water the Night Before is because it takes about all there is in the river to get the Sea Lions, Door Mats, Old Muffs and Feather Pillows out of his mouth on the Morning After.

Once upon a time a man who had been married for ten years carelessly and thoughtlessly brought his wife home a box of candy. And four doctors had to work for eight hours before the poor woman recovered from the shock.

A man has a little respect for an onery mutt who sets fire to an orphan asylum. But a guy who catches four of a kind when you are holding a pat full house is seven degrees lower than a Siwash Indian who feeds his baby on snakes.

There is a whole lot in a name. Twenty years ago the section hands on the railroads wore cheap outfits known as Sand Hogs and Grease Monk Suits. Now the railroad officials are wearing the same thing, but they have changed the name to Palm Beach Suits.

Fort Edward, N. Y.—"I was weak, run-down, nervous and dizzy. I tried cod liver oil emulsions and other remedies without benefit. A friend told me about Vinol and after taking two bottles I am strong and well so I can do my own housework once more."—Mrs. ELMER GLADDEN, Fort Edward, N. Y.

COLDS AFFECT THE KIDNEYS

Many Maysville People Have Found This to Be True.

Are you writhed in bad weather? Does every cold settle on your kidneys? Does your back ache and become weak?

Are urinary passages irregular and distressing? These symptoms are cause to suspect kidney weakness.

Weakened kidneys need quick help. Doan's Kidney Pills are especially prepared for weakened kidneys.

Grateful people recommend them. A. Sorries, locksmith, Aberdeen, O., says: "The action of my kidneys was irregular and the kidney secretions contained sediment. I had backache and when stooping, it was hard for me to straighten. Colds always settled on my kidneys. I used Doan's Kidney Pills and they stopped the trouble, and my kidneys became strong."

The above is not an isolated case. Mr. Sorries is only one of many in this vicinity who have gratefully endorsed Doan's. If your back aches—if your kidneys bother you, don't simply ask for a kidney remedy—ask distinctly for Doan's Kidney Pills, the same that Mr. Sorries had. 50c all stores. DURING THE DAYS THAT THIS GREAT MID-SEASON MARK-DOWN SALE

has been in progress we've set a new record in expanding the buying power of a dollar. For the significance of the prices we've been quoting lies not merely in the fact that they are low, but that they are quoted on present season Kuppenheimer clothes—merchandise whose value is standard the world round.

No one's bankrupt stock, nothing from a real or imaginary fire, flood or tornado, no million dollar purchase from some poor manufacturer who, pushed to the wall throws up his hands and sells at 25 cents on the dollar.

Every suit offered in this tremendous clearance is guaranteed to be a 1914 summer production from the House of Kuppenheimer, and purchased for our regular stock in the regular way.

50 Suits—including a specially fine showing of Tartan plaids in Greenock, Ladyfolds, Galashields and Selkirk patterns, tailored by Kuppenheimer in June 1914 styles, now \$12.75.

50 Suits, a specially fine assortment for around town and business wear; English checks, pin stripes, chalk stripes in greys, blues, browns and blacks; all in original Kuppenheimer styles, now \$15.

48 Suits, including many advanced young men's styles in Norfolk, and two-piece summer suits, sea breeze worsteds, woolen crashes and homespuns, now priced at \$12.50.

RIVER MEN KICKING.

River and steamboat men are making a kick on the condition of the Ohio at Dam 26, near Gallipolis, made this way by government engineers. A space of only one hundred and sixty feet is left for boats to go through the pass. The current there is very strong and makes passage dangerous. The Steamer Greenwood with a party of Cincinnati excursionists, was five hours getting through the pass.

We like the children and our studio is theirs while they are with us.

By making them feel at home we secure pictures of them that are natural—true to life.

FRUIT PASSING THROUGH CYNTHIANA

The Cynthiana Democrat says: "Oh, for a week! During the past thirty days the L. & N. hauled through Cynthiana for Cincinnati and other markets 582 cars of watermelons, 45 cars of cantaloupes, 232 cars of peaches, 4 cars of pineapples, and 1 car of potatoes, and never dropped one!"

PARALYZED BY KICK.

In the trading ring here Monday Allie Biglow, of Vanceburg, was kicked in the small of the back by a horse and was rendered unconscious for a time. When he came to himself he was paralyzed in his lower limbs. He was put on the 1 o'clock train to go home via Maysville, and it was hoped he might recover. He formerly lived at Foxport.—Flemingsburg Times-Democrat.

PAIGE is an old fashioned idea this notion of putting all the value possible into the car itself—and as little as possible into overhead expense—

But it has given the Paige a positively dominant position among cars of medium price—

Ample capital for operating purposes—no bonded indebtedness—no excessive capitalization—no heavy overhead of any kind to be paid for.

Just a full dollar of car value for every dollar of the selling price.

Is it any wonder that the Paige is going to be oversold again this year in spite of increased production?

LOOKS LIKE YOUNG

Mason County Man May Be the Democratic Congressional Nominee in Tomorrow's Primary Election

The Colonel Has Made a Remarkable Canvass and Friends Say He Will Sweep the Ninth District

That the Democratic political map of the Ninth Congressional District is about to undergo a change seems to be self-evident if there are any "sure things" in the prognostications of men who know which way the wind is blowing.

The most interesting fight in this district is the race for the Democratic Congressional nomination.

The contest opened with Fields in the lead against all comers, then Haney entered and was hot on Fields' trail. Now there is a new Richmond in the arena, and he, in a few short weeks, is not only makes Fields and Haney sit up and look scared, but it looks to the knowing ones, like this new entrant will be the winner in tomorrow's Primary.

His name is Col. James Monroe Young of Maysville, and his father was the late Hon. John D. Young of Bath county, who represented the Ninth District in Congress with distinguished credit and ability.

Col. Young is making a most remarkable campaign. The mountains counties are said to be aflame for him.

Mr. E. L. Manchester, who was in Lawrence county this week, declares that every Democratic voter he met is for Young.

Hon. Edgar B. Hager, of Ashland, who is one of Col. Young's leading supporters, sent the following telegram to County Judge W. H. Rice of this city. It was dated at Cattlesburg, Ky., and read:

"J. M. YOUNG HAS MADE A FINE IMPRESSION HERE AND I HAVE NO DOUBT HE WILL WIN THE NOMINATION. I TRUST WE WILL ALL STAND TOGETHER TO THIS END."

Keep your eye on Young.

Great Britain imports more than 20,000,000 bottles of mineral waters annually.

Among the 1,500 inhabitants in the Joliet, Ill., prison there is not one printer.

Two houses occupied by colored people at Flemingsburg and owned by Dr. Skinner, burned last night.

Mr. A. H. Thompson wires from Marietta, Ga., that his daughter, Mrs. A. P. Abbott is somewhat improved.

Mrs. C. R. Valentine and son Thomas Arnold are visiting her parents, Mr. and Mrs. C. J. Arnold at Danville, Ill.

Mrs. D. M. Curry left yesterday afternoon for Newport. She will accompany the remains of Mrs. Margaret Kinney to this city today.

Mrs. John D. Muse and daughter, Miss Julia, writes to their friends from Chautauqua Lake, New York, that they are enjoying a delightful visit.

Miss Martha Trapp writes from Detroit, Mich., that she is enjoying herself in and around Detroit this hot weather, but there is no place like Maysville.

EXODUS FROM CINCINNATI
Hosts of foreigners will begin to leave Cincinnati before the end of the week to join the fatherland armies as the war of probably 9,000 men who will go to the front from Cincinnati, unless the war cloud passes, it was said by the leaders of the patriotic demonstrations.

C. AND O. BUYS CARS.

The locomotive and car works agree to furnish the company with 340 steel under-frame thirty-six-foot box cars, 60,000 pounds capacity, for \$25,000.

UNFORTUNATE DEATH RECALLED

Mr. Everett Cooper of Vanceburg, was in Maysville yesterday and called on The Ledger. Mr. Cooper was the fiancé of Miss Daisy Chalkley, who was drowned near Concord recently. The couple were to have been married this fall. Mr. Cooper informed us that Miss Chalkley was unusually anxious to go in bathing the Sunday she lost her life and insisted that they all must go in.

AIDS SAFETY WORK.

The Chesapeake and Ohio roads has issued an illustrated circular bearing on the "safety first" policy which has been adopted by practically all of the large railway systems of the country. The circular is for general distribution and covers many of the points which the railroad is endeavoring to place before its employees and the public at large in order that the number of accidents may be minimized. The circular is calculated to guide all those who must come in contact with the road.
